THE ENGLISH VERB TENSES

INTRODUCTION

WORD ORDER IN AN ENGLISH SENTENCE (İngilizce bir cümlede sözcük dizimi)

İngilizce sözcük dizimi, Türkçe sözcük diziminden farklıdır. Türkçe bir cümlede yüklem cümlelerin sonunda yer alır ve özneyi de içinde barındırır.

<u>Ben</u>	<u>İngilizce</u>	<u>çalışırım.</u>
Özne	Nesne	Yüklem
Subject	Object	Verb

cümlesini, "**İngilizce çalışırım.**" biçiminde de ifade edebiliriz ve ikinci cümlede özneyi açık olarak göremediğimiz halde, öznenin 1. tekil şahıs olduğunu yüklemdeki **-m** takısından anlarız. Bu durum İngilizce için geçerli değildir. Yani İngilizce bir cümlede yüklem özneyi belli etmez. Bu yüzden, cümleye özne ile başlamak zorundayız. Formüle edilmiş olarak İngilizce cümle düzeni şöyledir:

<u>Subject</u>	+	<u>Verb</u>	+	<u>Object</u>
Özne		Yüklem		Nesne

"**İngilizce çalışırım.**" cümlesini İngilizcede "**I study English.**" biçiminde ifade edebiliriz.

1- THE VERB "BE"

Sözcükleri rastgele bir araya getirerek cümle kuramayız. Cümle kurabilmemiz için mutlaka bir fiile ihtiyacımız vardır. "**Be**" fiili, "**come, go, study, eat, become**" vb. gibi asıl fiilimiz olmadığı zaman cümle kurmamızı sağlar. "**Be**" fiilinin şimdiki zaman ve geniş zaman biçimi ayrıdır ve bu tense'lerle "**am, is, are**" biçiminde kullanılır.

Singular Subject Pronouns

I am — You are — He/She/It is

Plural Subject Pronouns

We are — You are — They are

I **am** always nervous before an exam. (*general*)

I **am** nervous now, because I'm taking an exam in half an hour. (*now*)

1-1 'Be' fiilini asıl fiil olarak kullanabileceğimiz başlıca üç kalıp vardır:

a) **be + noun**

I am a **teacher**.

They are **students**.

She is a **Turk**.

Today is **Tuesday**.

b) **be + adjective**

He is **tall**.

The world is **round**.

They are **intelligent**.

It's very **hot** today.

c) **be + prepositional phrase**

They are **at home**.

Jane is **from England**.

She is **at the bus-stop**.

We are **in the classroom**.

1-2 "Be", yardımcı fiil olarak sürerlik bildiren tense'lerle de kullanılır.

I **am** writing now./She **is** reading the newspaper./They **are** listening to music.

2-3 USE OF THE PRESENT CONTINUOUS TENSE

- a) Bu tense ile temel olarak içinde bulunduğumuz anda yapmakta olduğumuz eylemleri anlatırız. Zamanı pekiştirmek için ise **now, right now, at the moment, at present, still** gibi zaman zarfları kullanırız.

Mother is in the kitchen now. She **is cooking** dinner.

— Where is your sister? —I think she **is writing** a letter in her room.

Listen! They **are talking** about us. Can you hear what they **are saying**?

- b) Konuşmanın geçtiği sırada eylemi yapıyor olmasak bile, o sıralarda yapmakta olduğumuz işleri de bu tense ile anlatırız ve **nowadays, these days, this term, this year, this month, this semestre, at the moment** ("şu sıralar" anlamında) gibi zaman zarfları kullanırız.

— How many courses **are you taking this term**?

— I'm **taking** five courses.

— I haven't seen Peter recently. Have you?

— No, but I talked to him on the phone last Saturday. He is very busy these days. He **is redecorating** his house by himself.

- c) Değişmekte olan durumları, olayları bu tense ile anlatırız.

"Everything **is** expensive. (Her şey pahalı.)" cümlesi, fiyatların o anki durumunu anlatır. Fakat,

"Everything **is getting** more and more expensive. (Her şey gittikçe pahallaşıyor.)" ifadesi, fiyatların sürekli değiştiğini, yükseldiğini gösterir.

I'm meeting Ann **next Saturday**.

They are giving a party **next month**.

She is leaving Istanbul **in two days**.

Örneklerde görüldüğü gibi, cümle yapı olarak şimdiki zamana, anlam olarak ise gelecek zamana aittir. Aynı kullanımı Türkçe'de de var olduğu için, bu cümleleri Türkçe'ye, gelecek zaman ya da şimdiki zaman yapısında çevirmemiz mümkündür. Son örneği Türkçe'ye şu şekilde çevirebiliriz:

İki gün sonra İstanbul'dan **ayrılıyor**. / İki gün sonra İstanbul'dan **ayrılacak**.

3- THE SIMPLE PRESENT TENSE

3-1 FORM

Affirmative (Olumlu)	Negative (Olumsuz)	Interrogative (Soru)

Üçüncü tekil şahıs için (*he/she/it*) fiil, olumlu cümlede **-s** takısı alır.

He reads a lot./She buys a newspaper regularly./The cat drinks only milk in the morning.

Olumsuz cümlede ve soruda, yani "**does**" ya da "**doesn't**" bulunan cümlelerde fiil daima yalındır.

He **doesn't read** a lot./She **doesn't buy** a newspaper every day.

Does the cat **drink** milk in the morning?

"**have**" fiilinin üçüncü şahıs biçimi "**has**" dir. Ancak, soruda ve olumsuz cümlede fiilin yalın hali "**have**" kullanılır.

— What time do you **usually** get up?

— Does she **always** get up early?

— Not **always**. She **sometimes** gets up very late.

— How often do you go to the cinema?

rarely	→	seldom (ender,nadiren,seyrek)
hardly ever	→	almost never (hemen hemen hiç)

Yardımcı fiil bulunmayan olumlu cümlelerde bu zarflar asıl fiilden önce, yani özne ile yüklem arasında yer alır.

She **always** sings in English./I **sometimes** feel depressed./They **seldom** go to the theatre.

Bu zarflar **am, is, are** dan sonra gelir.

I **sometimes** go to work late./I am **sometimes** late for work.

NOTE: Birinci tekil şahıs için bu kural geçerli değildir. Zarf, yardımcı fiil 'am' ile 'not' arasında yer alır.

usually, generally ve **often** her iki durumda da kullanılır.

They **usually** don't go out in the evenings./They don't **usually** go out in the evenings.

Sometimes I get angry easily.

Occasionally I don't need to get up early.

Usually they spend too much money on luxuries.

NOTE: **always** bu şekilde cümle başında yer almaz.

"I'm too tired.

Why don't you lie down and rest?" ifadesinde, "Why don't you" ?" yapı olarak soru olmasına karşın, kendisi bir yanıtır ve öneri getirir.

- f) Sinema, tiyatro gibi etkinliklerin başlama ve bitiş saatlerini, ders programlarını ya da uçak, tren, otobüs tarifelerini belirtirken, geniş zamanı gelecek zaman anlamıyla kullanabiliriz.

SPECIAL DELIVERY

A letter carrier once encountered a new resident who was disappointed because he didn't bring her anything from her daughter. She went on with complaining about the ills of the Postal Service. The carrier listened to her patiently, and then he assured her that he'd personally deliver any mail from her loved one.

A few days later, as the letter carrier neared the same house, a young woman stepped out of a taxi. Glancing around uncertainly, she approached the carrier and showed him a piece of paper with a name and a street but no house number. Recognising the new resident's name, he took the young woman to the house. Just then the elderly woman stepped onto her porch and, after a moment of stunned silence, rushed into her daughter's arms.

Tears of joy in her eyes, the mother told the letter carrier, "I still think you are slow with your regular mail, but you sure make up for it with your special delivery!"

THE REVENGE of a TRUCK DRIVER

A truck driver stopped at a roadside restaurant. The waitress brought him a hamburger, a cup of coffee and a piece of pie. As the truck driver was about to start eating, three men in leather jackets pulled up on motorcycles and came inside. One grabbed the man's hamburger, the second one drank his coffee and the other one took his pie. The truck driver didn't say a word. He got up, put on his jacket, paid the cashier and left. One of the bikers said to the cashier, "Not much of a man, is he?" "He's not much of a driver either," she replied. "He just ran his truck over three motorcycles."

THE RHINO'S ADMIRER

A guy elephant took his girlfriend — an avid movie fan — to a film opening. While she waited in the lobby, he went off to buy a couple of bags of popcorn. An aggressive rhinoceros approached the pretty elephant and introduced himself. "Hi," he said smoothly. "My name is Neal." The elephant trumpeted loudly and fainted. In the confusion, the rhino fled. The guy elephant rushed up to his girlfriend. "What happened?" he asked. She batted her eyelids and answered, "I just met Rhino Neal!"

7- THE PRESENT PERFECT TENSE

7-1 FORM

Affirmative	Negative	Interrogative
I have watched that film. You have seen him twice. He/She/It has eaten lunch.	I have not watched that film. You have not seen him twice. He/She/It has not eaten lunch.	Have I watched that film? Have you seen him twice? Has he/she/it eaten lunch?
We have invited her. You have worked hard. They have visited us.	We have not invited her. You have not worked hard. They have not visited us.	Have we invited her? Have you worked hard? Have they visited us?

Bu tense'i oluşturmak için **have/has + past participle** (fiillerin üçüncü hali) kullanılır. **Have/has** ve **have not/has not** genellikle kısaltılmış olarak kullanılır.

I've seen that film before./You **haven't** seen that film.
He's seen that film twice before./She **hasn't** seen that film yet.

Olumsuz soruyu iki şekilde sorabiliriz.

I) Kısaltma yapmadan:

Have you not seen that film yet?/**Has she not** seen that film before?

II) Kısaltma yaparak:

Haven't you seen that film yet?/**Hasn't** she seen that film before?

7-2 USE OF THE PRESENT PERFECT TENSE

a) Geçmişte yaptığımız eylemleri zaman vermeden anlatıyorsak, bu tense'i kullanırız.

She **has removed** all the furniture in the house.
They **have painted** their house.

Ancak, aynı eylemleri zamanı belirterek ifade edersek, **Simple Past** kullanmamız gerekir.

She **removed** all the furniture in the house **last weekend**.
They **painted** their house **a few weeks ago**.

Geçmişte yaptığımız eylem için zaman zarfı kullanmasak bile, eğer zamanı ima ediyorsak, yine Simple Past kullanırız.

I **saw** that film **when I was in Ankara.**" cümlesinde kesin olarak bir zaman vermesek de,"*when I was in Ankara*" geçmişte belli bir dönemi ifade etmektedir.

I **went** shopping **after work.** ("*after work*" yine belli bir zamanı belirtmektedir.)

I **met** him **in İzmir.** ("*in İzmir*" ifadesi yer belirtmesine karşın,"İzmir'de bulunduğum dönemde" anlamını ima etmektedir.)

Present Perfect Tense ile sorulan sorulara yanıt verirken, yine bu kurallara dikkat etmeliyiz.

"Have you met his girlfriend?" sorusuna bir kaç şekilde yanıt verebiliriz.
Yes, I have. (or No, I haven't.)

Have you met his girlfriend?
Yes, I met her last week. (or I met her at Alice's party.)

Have you seen my glasses?
Yes, I have. (or No, I haven't.)

Have you seen my glasses?
Yes, I saw them on the kitchen table a few minutes ago.

b) Yakın geçmişte olup sonuçları ya da etkileri içinde bulunduğumuz anda devam eden eylemler için bu tense'i kullanırız.

I have burnt myself. (I'm in pain now. — Şu anda acı çekiyorum.)
I've cleaned the house. (It's clean now.)

c) **Today, this morning, this week, this month, this year, this century** vb. , henüz tamamlanmamış bir dönem ifade eden zarflarla kullanılır.

I've been to the cinema twice **this week.**
I haven't been able to go on holiday **this year.**
Technology has advanced greatly **in this century.**

"**This morning**", "**this afternoon**" ve "**this evening**" ifadelerini kullanırken, saat kavramına dikkat edelim.

Genellikle saat 13.00'e kadar olan süre sabah (morning), 17.00'ye kadar öğleden sonra (afternoon), 17.00-20.00 arası ise akşam (evening) saatlerini bildirir. Bu durumda:

I haven't heard the alarm this morning.

ifadesini, sabah diliminin henüz bitmemiş olduğu bir saatte, örneğin saat 11-12 gibi söyleyebiliriz. Eğer öğleden sonraki bir saatte, örneğin saat 2'de bu sözü söylüyorsak, artık "sabah" dilimi tamamlandı yeni bir döneme geçilmiş olduğu için, o eylem geçmişte kalmıştır. Bu durumda ise Simple Past Tense kullanmalıyız.

I haven't heard the alarm this morning. (It's 11a.m. now.)

I didn't hear the alarm this morning. (It's 2p.m. now.)

I've seen Tom this afternoon. (It's 3p.m. now.)

I saw Tom this afternoon. (It's 6p.m. now.)

This year, this month, this century gibi kullanımlarda, eğer sözü edilen zaman dilimi tamamlanmışsa, "this" yerine "last" kullanılır.

I have worked hard this week. (The week hasn't finished yet.)

I worked hard last week.

They **have phoned** me twice **this month.**

They **phoned** me twice **last month.**

d) Lately, recently ile kullanımı:

"Son zamanlarda, son günlerde" anlamına gelen **lately** ve **recently**, Present Perfect ile kullanıldığında, yine kesin bir zaman belirtmeden, yaptığımız ya da yapmadığımız işleri anlatır.

Have you seen your parents **recently**?

There has been great progress in the science of medicine **recently.**

There have been some changes in my house **lately.**

"Recently", Simple Past Tense ile de kullanılır ve "a short time ago" anlamını verir.

They came **recently.** (They came a short time ago.)

She passed her exam only **recently.**

(She passed her exam only a short time ago.)

e) Already, just ve yet ile kullanımı:

"Yet" soruda ve olumsuz cümlede kullanılır ve normal olarak cümlenin sonunda yer alır.

Have you finished your homework **yet**?

No, I haven't finished it **yet.**

Is your father at home?

No, he hasn't come **yet.**

"**Just**", olumlu cümlede kullanılır ve "henüz, şimdi, yenice" anlamını verir. "**Just**" cümlede, yardımcı fiille asıl fiil arasında yer alır.

Have you finished your homework?

Yes, I've **just** finished it.

Is the manager in?

No, he has **just** gone out.

"**Already**", olumlu cümlede kullanılır ve "zaten, çoktan" anlamına gelir. Bir eylemin umulandan daha önce bir zamanda yapılmış olduğunu vurgular. Cümle içindeki yeri normalde yardımcı fiil ile asıl fiil arasındadır, ancak cümle sonunda da kullanılır.

Shall we go to see the film "Schindler's List" tonight?

Not a good idea ! I have **already** seen it.

Manager: Don't forget to mail the invitations in time.

Secretary: I've **already** posted them.

Mother: Wash your hands before you sit at the table.

Son: I've washed them **already**.

f) **Ever, never, all my life, in his life, always, occasionally, often, several times, once, twice, etc. gibi zarflarla kullanımı:**

Daha önce, sıklık bildiren zarfların (*ever, never, always, often, etc.*) Geniş Zaman ile (Simple Present) kullanımını görmüştük. Aynı zarflar, anlamda biraz bir değişikliklerle, Present Perfect Tense ile de kullanılır.

I **always** get up early. (Simple Present — Ben her zaman erken kalkarım. "Bugüne kadar hep erken kalktım. Bundan sonra da büyük bir olasılıkla erken kalkacağım. Bu benim alışkanlığım." anlamını verir.)

I have **always** got up early.

(Present Perfect — "Ben her zaman erken kalkmışımdır." ifadesi, yaşamımın sadece şu ana kadar olan bölümünü kapsar.)

My father has **always** lived in his hometown.

(He has lived in his hometown all his life.)

I've **never** seen such a pretty dog in my life.

Have you **ever** ridden on an elephant?

No, I've ridden on a camel once, but I've **never** ridden on an elephant.

Once, twice, three times, several times, many times (bir kez, iki kez, üç kez, bir kaç kez, pek çok kez) gibi zarflarla, bir eylemi yaşamımız boyunca kaç kez yaptığımızı ifade etmek için **Present Perfect Tense** kullanırız.

Have you ever been abroad?

Yes, I've been to Germany **several times**.

She has invited me to her house **many times**, but I've never had any spare time.

I've seen her parents **only once**.

NOTE: Bu zarfların Simple Past Tense ile kullanımına dikkat ediniz.

"She **has invited** me to her house **many times**, but **I've never** had any spare time." cümlesini, geçmişte zamanı belirterek verirse, Simple Past kullanmamız gerekir.

She **invited** me to her house **many times** during my stay in Germany, but I **never had** any spare time.

"My father **has lived** in his hometown **all his life**."

cümlesinden, babamın hayatta olduğu anlamını çıkarıyoruz. Artık hayatta olmayan birinin yaptığı işlerden söz ediyorsak, Simple Past Tense kullanmamız gerekir.

My grandfather **lived** in his hometown **all his life**. (He is dead now.)

I **have never** flown in an aeroplane.

My grandmother **never flew** in an aeroplane.

(She isn't alive any more.)

I **have ridden** on a camel **twice**. It is very exciting.

When I was in Egypt, I **rode** on a camel **twice**. It was very exciting.

g) So far (up to now, until now) ile kullanımı:

"So far", "şu ana kadar" anlamına gelir ve **so far today, so far this month, so far this semestre, so far this summer**, etc. gibi zarflarla birlikte de kullanılabilir.

It hasn't snowed **so far this winter**.

I got many bad grades last semestre, but I haven't had any low grades **so far this semestre**.

We haven't eaten anything **so far today**.

So far this summer, I have swum in the sea only once.

h) For ve Since ile kullanımı:

"**For**", geçmişte belli bir noktadan içinde bulunduğumuz ana kadar devam eden bir süreç bildirir. (*for two years, for a month, for five minutes, for a long time, etc.*)

He has been the manager **for three months**.

i)

It is + a period of time + since + Simple Past/Present Perfect

It is three months since I **last went** to the cinema.

It is three months since I **have been** to the cinema.

Her iki cümleyi de Türkçe'ye şöyle çevirebiliriz:

Sinemaya gitmeyeli üç ay oluyor. ya da

En son sinemaya gittiğimden beri üç ay geçti.

Bu cümlelerin eş anlamlısı olarak, "Üç aydır sinemaya gitmiyorum." ya da "Sinemaya en son üç ay önce gittim." gibi ifadeler de kullanabiliriz.

Once downstairs, he went to the roulette table and put his last two dollars on No. 14, red. His number won. He continued betting and winning. Within an hour, he acquired \$50,000. Feeling that his luck was about to change, he picked up his chips and walked towards the cashier. Just before he reached her, he felt one final urge to bet. He went back to the roulette table and put everything on No. 10, black. The wheel spun round and round, and finally stopped on No. 12, red. Heartbroken, the fellow returned to his room.

"Well," his wife asked anxiously, "how did you make out?"
